

Policy: Sharon Brintnell Lifetime Achievement Award

Sharon Brintnell's career spanned over 45 years of full-time practice. During this time, she achieved the profession's highest awards: the Muriel Driver Memorial Lectureship Award (CAOT); the Dr. Helen P. LeVesconte Award for Volunteerism (CAOT); and the Karen Goldenberg Volunteer Award (Canadian Occupational Therapy Foundation - COTF). Her role as Legislature Chairperson, Alberta Society of Occupational Therapists, led a process that resulted in Alberta occupational therapists gaining professional status and protection of name under the Alberta Association of Registered Occupational Therapists (AAROT).

She was Chairman of the Department of Occupational Therapy, University of Alberta, for 13 years and Acting Dean of the Faculty of Rehabilitation Medicine for one year. She conceived and directed the Occupational Performance Analysis Unit (OPAU), Faculty of Rehabilitation Medicine at the University of Alberta, providing occupational therapy service through third party funding and initiated functional capacity evaluation for medical legal purposes in the province. International contributions included the role of Director of a CIDA funded project (1989-1994) introducing the profession in Indonesia, and consulting on the development of an occupational therapy program at the University of Kuwait. In 2008 she became President of the World Federation of Occupational Therapy (WFOT) following 20 years of service to the federation council and the executive.
